DAVENPORT GUERRY ORNAMENTAL NURSERIES

Macon, Georgia

Season 1941-'42

We have many items in specimen sizes not quoted. These will be priced individually.

All broadleaf evergreens and conifers will be dug balled and burlapped except those sold as hedge plants.

All flowering shrubs and all flowering and shade trees will be dug bare root. Additional charge if balled and burlapped.

These prices are F. O. B. Macon, Georgia.

Prices herein listed cancel all previous lists and are subject to change without notice.

No plants guaranteed to live.

Demand for nursery stock has increased tremendously in the last two years. On account of this fact, all quotations made by us are made subject to prior sale before acceptance.

CAMELLIAS

In addition to the varieties quoted by name, we have an equal number of varieties still unidentified. These are mostly full of buds this season and will be classified as they bloom.
